

Urbana Country Club
January 8th 2021

Course Conditions and Weekly Summary 2021 is finally here and with the start of every new season, it offers an opportunity to hit the reset button at work. I am so excited for the upcoming year and how our new turf maintenance center will positively impact the success of our employees and the golf maintenance operation. Below is an expanded review of the new and improved facility the team has been able to create over the past month.

The new trailer offers us a clean, heated and cooled office, breakroom and kitchen space

The renovated workshop provides the team with an on property grinding area, new equipment lift, renovated and enlarged bathroom, new workspace, improved storage and a mechanic office.

*Thank you for your commitment and support of the UCC Agronomy Department
Scott, Mike, Dean, Steve and the rest of the GMS team*
